## Health for the Children

Every parent notes with anxious eye the first symptoms of the children's failing health: the pale cheek, listless manner and capricious appetite speak more plainly than any words, for the well child is a veritable storage battery of animal spirits.

Renewing the appetite is the first step back to health and

## PROFESSIONALS STILL SQUABBLING

The international match race is still in the air. Nothing has been definitely settled, mainly on account of the Tsukamoto camp insisting on holding out for a full Marathon distance. Just where they get this idea it is hard to say.

Bill Chilton, manager of Jackson, has tried to come to terms with them, but without much success, so far as could be learned last night. Chilton made a proposition that there will be six prizes given, one for the man who was first at the end of five miles, ten miles, fifteen miles, twenty miles and twenty-five miles, also the big prize for the winner. But he made the requisite proviso that no man should take a prize if he did not finish the race within a time-limit of four hours.

The Japanese contingent would not take this offer. They do not seem to want to take any offer except that Tsukamoto shall have everything his own way.

The ten-mile race as suggested would be a good one but, if the public is to be bothered with the petty squabbles of grasping managers for a year and a half before the case comes off, it would be a whole lot better to call it off.

It is about time to start some public, free entry affairs on the roads, any way. Before long it will be time for the anniversary of the Kalaheua race walking race. Then will come the race to Haleiwa. These events are run by a public committee and prizes are donated by the merchants. Since the local newspaper men started getting them up we have had better, more attractive and better arranged public events than all the professional affairs put together.

## Some Golf Notes

It has never been properly explained in the press, so says a local golfer, that the Manoa cup tournament represents the open championship of the Hawaiian Islands.

Here are a few facts about the Manoa cup that many of the golfers who are not regular Country Clubites, should take notice of.

The Manoa cup remains always in the clubhouse of the Oahu Country Club.

The name of the winner each year is inscribed on the cup.

The winner, each year, is given a suitable souvenir of the event. George Angus received a handsome silver plate.

The tournament is open to every resident on the Hawaiian Islands.

There is always a preliminary tournament in which the first sixteen players are permitted to enter the final tournament for the cup.

The preliminary tournament is absolutely open to all golfers who are residents on any of the Hawaiian Islands and they are invited to enter. The Country Club takes this opportunity to show the best of its good hospitality every year.

There was not as large a turnout as there might have been had these facts been brought more prominently before the public. Let all golfers take notice and do better next year.

A golfer from the British cruiser Bedford stated that the Oahu Country Club links were, without exception, the sportiest to play on he had ever seen, and this from a widely traveled golf enthusiast. He also said that he considered conditions here simply ideal for golf.

## PIRATES WIN THIRD.

The Pirates won the third game of the world's championship series yesterday by defeating Detroit 8 to 6. This is the second game that the Pirates have won. The Sunday game was postponed on account of rain. The Pirates had a swat-fest in the first inning and scored five runs. Detroit scored in the seventh and ninth. There was an enormous crowd present and there was huge excitement when it looked as though the home team might tie the score before the end of the ninth.

## Sport Notes

Football—the real old American kind—will start next Saturday afternoon at the league grounds. The High School will play the new town team. Come out and root.

The personnel of the town team will be made known in a few days. There is a very live bunch out for practise, and the McKinleyites will have to go some to slip it over on the heavy boys.

The M. A. A. has selected a very fine cup for the championship of the big field meet to be held at the league grounds on November 27. A big inscription is being put on it by the engravers, and it will be on exhibition in the windows of the Hawaiian Gazette office in a few days.

The Johnson-Ketchel fight has been postponed until next Saturday, October 16. It was originally arranged for today, but was set forward until Saturday at Ketchel's request. The fight will start at three o'clock. In this case the compiler of these columns has no such decided opinion as he had on the Burns-Johnson fight, but feels that Johnson should win. The latter is up against a crisis, and it is up to him to put Ketchel out, a mere decision will do him little good. He probably realizes this.

## CHILTON'S STATEMENT.

Bill Chilton, manager for Nigel Jackson, champion Marathon runner of the Hawaiian Islands, makes the following ultimatum:

"Nigel Jackson will run the following four men over a distance of ten or fifteen miles, ten preferred, at any date they may name: Tsukamoto, Antone Kaoo, C. K. Charlie and Herbert Cordeiro.

Jackson has proved his superiority over the long distance and is now willing to give the other runners, who have made a good record, a chance over their distance. For a man who started on a Marathon race and quit before fifteen miles, to demand another Marathon race is simply absurd. If Tsukamoto does not want to come in we are quite willing to race the other three for the best purse that can be obtained."

A warm meeting of the football boys of the McKinley High School yesterday resulted in the election of John McCandless as the captain of the team. The new captain is well known as a husky junior and promises to make his boys show off when the pigskin is tossed into the gridiron to be warmed up.
